

## THE IMPORTANCE OF MUSIC

Music is the most widespread means of communication in the world and, above all, the best known by young people. There are a lot of kinds of music, according to the tastes of the listeners. Nowadays the most popular is, of course, “rock”.

### THE MUSIC IN TRIESTE

Many concerts have been held in Trieste this summer among which the rock star Vasco Rossi’s one. He has sung at the stadium Nereo Rocco and the tickets have all been sold . The total was more than 34000 spectators. Many other concerts have also been held in Piazza Unità d’Italia like, for example, the Queen Island group’s one. They sang the old but beautiful songs of the Queen. Other Italian artists have participated in the concerts like Piero Pelù and Irene Grandi. There have been other important events with groups famous all over the world, like Pink Floyd and the Creedence. In the next few months at the Palasport of Chiarbola there will be the concerts of many famous groups in Italy like “Le Vibrazioni” and the “Nomadi”.

### ALTERNATIVE MUSIC

The favourite modern music with young people is POP, even if many other persons try other alternative kinds like the New Age (Hevia, Enigma and many other foreign folk groups). Another folk group, highly respected or hated, is the Modena City Ramblers; unfortunately this type of music is disappearing, leaving room to new music. This is bad, because folk music is important for our cultural roots.

## ROCK MUSIC

The main authors of rock music of the seventies and eighties are: Pink Floyd, Genesis, King Crimson, Yes, The Doors, Led Zeppelin, Deep Purple, Santana, Eric Clapton, David Bowie, Crosby, Stills e Nash, Neil Young, Dire Straits, Eagles, Emerson, Lake & Palmer, Grateful Dead, Jimi Hendrix, Marillion, Little Feat, Police, Sting, Queen, Rolling Stones, Lou Reed, Simon & Garfunkel, Bruce Springsteen, The Who... and many others!!!

## POP MUSIC

The pop singers who we mainly listen to in our class are: Robbie Williams, Destiny Child, Kelis, Eamon, Maroon5, Shifty, Christina Aguilera, Jennifer Lopez e Britney Spears. A foreign artist who, we think, is known also in Slovenia is Magnifiko with his new song Hir Aj Kam Hir Aj go.
